

CONTINUING EDUCATION PROGRAM

Color's Impact on Mind and Body in Interior Environments

Purpose: The colors that surround us every day play an important role in our emotions and behavior when we engage with a specific finish material or environment.

This course provides an overview of how the human eye sees color; the effect it can have on our moods, behavior, and physiology; and lastly, how it can be used as a powerful tool to send messages about spaces or products to consumers.

Course: 121139 _____ IDCEC Credit: 0.1/HSW

Course: Cambria-Color _____ AIA Credit: 1 LU/HSW
